

Our trip With Rover rentals

By Derek, Linda and Wee jess.....The Smiths

5th to 9th September 2016

This was our first time renting a motor home and we were not sure what to expect, but need not have worried as Helen from Rover Rentals gave us a full run down of "Rover" and all the equipment inside and out. What attracted us to Rover Rentals was the Dog friendly aspect of the motor home and we were not disappointed as it is equipped with everything you could need for holidaying with your hound including, Dog ground spike and long lead, internal dog bed and cage, portable outside fence, water and food bowls and plenty of toys. For us Humans, the motor home is very comfortable with plenty of storage space inside and areas and everything you will need for cooking and washing and ultimately relaxing. We also carried our two mountain bikes on the back bike racks for added adventure.

- Day 1 - We travelled from Inverness to Ballater
- Day 2 – Ballater to Glen esk , via stonehaven, Montrose
- Day 3 – Glen Esk to Crief via Arbroath Abbey and Perth
- Day 4 – Crief to Resipole (Ardnamurchan) via Glen Coe
- Day 5 – Resipole to Inverness via Mallaig

All in all we had a fantastic time and our we Jack Russell "Jess" had a great time, enjoying the local scenery and canine populations , out walking and mountain biking. She was extremely comfy in the motor home both travelling and when Parked up.

We would highly recommend Rover Rentals and will definitely be booking again soon.
